RUSSIA AND GERMANY RENEW PLEDGES ANENT OPEN DOOR IN CHINA

RANK OF THE AUSTRIAN EMBASSY IS TO BE RAISED

Washington, March f.-The Austrian minister, Mr. Ladislaus Hengelmuller von Hengervar, confirms the report that the Austria-Hungarian ministry here is to be elevated into an embassy. He called at the state department today to acquaint Secretary Hay with the purpose of his government and the secretary extended his warmest congratulations. The next step in order is to erect the United States ministry at Vienna to an embassy, and under the law the president has authority to do this as soon as he is for-mally notified of the fact that Austria-Hungary has taken the initiative.

DEATH FOR ANARCHISTS.

Senators Anxious to Make Sure it Will Be Inflicted.

Washington, March 6.—Discussing the anti-anarchist bill, Mr. Depew of New York pointed out that in the state laws there was no differentiation bedeath in any state, as the pending bill provided. Mr. Platt of Connecticut

PERILOUS TRIP FROM GOLD FIELD

Tautphaus Has Hard Time Coming From Thunder Mountain.

WITHOUT FOOD SIX DAYS

IMPRESSIONS OF MAN WHO WENT TO DAWSON OVERLAND.

A FTER having been a pioneer in ing 1,500 miles overland to reach the Klondike in 1898, C. C. Tautphaus of Idaho Falls, Ida., has arrived in Salt Lake from a visit to Thunder mountain. Mr. Tautphaus went into the try at the same time their supplies new mining camp to find a route for gave out. a stage road from Mackay and Challis. He picked out a route that he estimates to be sixty-five miles in length than in the summer," said Mr. between Challis and Thunder moun-

later with three horses. During all the trip the two women never were sick and never made a complaint.

Trip to Dawson. The party for some distance fol-owed the direction of the Fraser river in a general way toward the northwest. They pushed on across the country, scaling mountains, descending cliffs, and threading their way through forests, until they reached Lenora, at the head of navigation on the Stikine river and in practically the same latitude as

They left Lenora Jan. 7, 1899, and were absolutely without shelter from the bitter cold and blizzards until April 5. They took the winter trail with eight horses left out of their thirty-three. Their 5,800 pounds of feed had been greatly depleted by this time, and been greatly depleted by this time, and as the feed gave out they killed the horses, one by one. The animals eked cut an existence by eating brush, young willows, green wood and everything else they could get their teeth on. The party arrived in Dawson with the three horses and fifteen pounds of oats.

The horses were not the only ones to

Traveling On Snow and Ice. "Traveling was better in the winte phaus. "In the winter we could get or very well over the snow and ice, but tain, but he went through a number in the summer we had to plow through of dangers before he completed his swamps and mud. Many a time the trip. For six days he was alone and whole party would have to stop to pull without food in a desolate country that out some horse that had mired. At one was covered with a soft snow through | time it rained steadily for ninety days.

Mr. Tautphaus was accompanied on his trip into Thunder mountain by ested with Mr. Tautphaus in the road project. He expects to have a line of greater part of the way alone. On his stages running by this short route as way into Thunder mountain, he went over Morgan pass to Singiser, where the famous Singiser mine is located thence to Forney. From this point he and pack outfits will be provided at went to Three Forks, up the West this point. Preparations are being Fork to Liberty, thence over Cash made to handle immense crowds by creek summit to Cash creek, down this stream to Loon creek and the middle fork of the Salmon river, up the mid-dle fork to Marble creek and up Marble creek to Thunder mountain. In all

"At Thunder mountain sixty men were working when I was there," said Mr. Tautphaus. "Encouraging develop-ments were being reported on every side. There seems to be an immense blanket deposit of mineral over about six miles, and in a number of places ore running way up in gold has been found. In the Rainbow district, six miles south of Thunder mountain, some rich ore has been discovered. There is a vast amount of unexplo erritory, affording an excellent field much snow at present that they can't

Provisions Were Short.

Returning, Mr. Tautphaus kept to the south of his former route, following the main ridge of the mountains, which he crossed turee times. Reachng the head waters of Bear creek, ne

Finding the provisions short at Thunder mountain, Mr. Tautphaus did not remain long. He started out with three days' food, expecting to get back to Challis in that time. It took him nine days, and for six days he had to push along without food. The snow had melted so that it stuck to his ery step, and as he lifted them he had to raise a heavy weight of snow. "For a while I didn't travel as far in day as I could throw a stone, declared yesterday.

When he finally rolled into the Sexton cabln on Challis creek he was nearly exhausted. Is Used to Hardships.

Mr. Tautphaus is used to hardship, Since he was a child he has lived on the frontier. He was in California during the gold excitement. was in Carson and Virginia City, Nev., was in Carson and Virginia City, Nev., in the early days of those camps. Before the Boise hasin rush was really started he was on the scene, and he visited the bonanza camps of Montana during their early days. 'I have an opportunity to tell them 'I told you so."

The trophy room was visited, and the

nementoes were explained to him Soon the carriages were driven for the home of Professor Munsterberg. Here Prince Henry found many men and women of his own nationality, and deorations in the German style. When Professor and Mrs. Munsterberg, the were conducted into the library, where stood Henry W. Putnam, chairman of the board of directors of the German

Talks of United States.

He addressed the prince, and in response Prince Henry said:

"Allow me, in a few words, to thank you for the kindness which you have shown me here, and to tell you that the United States has been closely watched from the other side during the last year. We are aware of the marvelous industry which has brought your country to its position, and we also are aware of the existence of the Germanic Museum association, and especially has his majesty, the German emperor, my brother and sovereign, whom I have the honor to represent here, kept his eye upon it.

"He has ordered me to hand over to you these photographs of reproductions of monuments, which are going to be reproduced in casts. The work, if I may say it, is just in its first stages. The casts are now being made, and it will be about four months before the German emperor is able to send them and put them into your hands. May I not then offer these to you, President Eliot?"

He handed to President Eliot a large portfolio of photographs of German monuments and other neces of monuments and their persons for which a foreign government is responsible. The claim against the foreign government is wholly netlounded in pure section to the produced in the neces of the deaths and injuries received by officers and seamen of a nother nation for redeaths and injuries received by officers and seamen in the wreck of the battleship m He addressed the prince, and in re-
